

I am a qualified teacher from the UK, I gained my teaching qualification in 2002 and worked long term in two different primary schools. During this time, I gained experience with all age groups in the primary field. My work included teaching all curriculum subjects which and I am confident and experienced in these areas. I feel it is essential to create a safe, structured and creative working environment to ensure all children have the opportunity to reach their full potential.

I have also had leadership experience as a Mathematics Co-Ordinator and Design technology leader. My favourite subjects are Mathematics and Science, and I am confident in excelling gifted children in clear and exciting ways.

I support my school fully, and I am a hard-working, enthusiastic person. I like the opportunity to share my ideas and successful teaching practices with colleagues. I feel a comprehensive approach to teaching is vital, and I ensure consistency in all areas of my teaching.

My teaching experiences

St Bernadette's RC Primary School

Harrow, Middlesex as Primary Classroom teacher - Design technology and Mathematics co-ordinator

Blessed Dominic RC Primary School

Graham Park, London.

Year 6 and Year 3 Classroom teacher

I was fortunate enough to travel extensively throughout Asia, Australasia, South America and Europe during gaps from teaching and this has given me a chance to experience a variety of cultures. This has made me fully appreciate the wider world and enriched me. I look forward to being able to pass on skills and knowledge I have acquired while on my travels.
